

Job Reference: 319-28757LG

Employer: [Northumbria Healthcare NHS Foundation Trust](#)

Department: Orthopaedics

Location: Wansbeck General Hospital

Salary: £30,302 - £40,090 per annum

Closing date for applications: Sunday 7th May 2017

Post 1 - August 2017 to August 2018.

Post 2 - August 2018 to August 2019

This post has previously been part of the Northern Deanery Training Programme, and the Trust currently hosts a BOA National Clinical Leadership fellow to allow trained surgeons to increase their exposure to revision arthroplasty. BOA Clinical Leadership fellowship status is awaited for the 18/19 post but if approved completion of the Fellowship may lead to a Post Graduate Certificate in Leading Clinical Innovation and Improving Performance (additional University fees may apply). A contribution by the Fellow and the Trust to the clinical leadership programme will normally be required.

The post includes primary and revision hip and knee replacement surgery and trauma, and the operative exposure can be tailored to the needs to the fellow, particularly with respect to hip revision arthroplasty and periprosthetic fracture fixation. The unit performs over 2600 primary joint replacements per year and a large number of revisions. The fellow will work with a team of 3 hip/knee revision surgeons (Partington, Carluke, Reed) along with two specialist registrars, who tend to focus on primary joint replacement. The team performs 681 joints replacements annually according to NJR figures, including 84 revisions.

Commitments could vary but normally includes 6 weekday sessions and full time on trainers trauma/ trauma clinic weeks. On call at StR/SpR level may be required. Northumbria offers excellent training for Trauma and Orthopaedics. North Tyneside Hospital scored best overall for T&O training in the 2014 GMC survey, compared with all other UK hospitals.

The fellow will work within a department of 24 consultants who are all keen to improve practice - successfully adopting enhanced recovery for patients undergoing elective joint replacement and hip fracture treatment.

The length of stay is within the top 2% in England for primary hip and knee replacement. The fellow will introduce a programme to further improve care for these patients. The improvement project will include designing and launching the improvement programme, and measuring and reporting progress.

Essential:

- Eligible for full registration with the GMC at time of appointment
- MBBS or equivalent medical qualification
- Successful completion of MRCS or equivalent, at time of application.
- FRCS(T&O) desirable but not essential.

The post will be based at Wansbeck General Hospital but the post holder may be required to work at other sites within the Trust.

Candidates must be able to demonstrate the English language proficiency level required for this post.

All medical appointments will automatically be registered onto the Northumbria Healthcare NHS Foundation Trust Staff Bank during the recruitment process. You will be given the option to 'opt out' of the Staff Bank registration process if you wish.

In order for your application to be successfully processed we will require references from your current and previous employer(s) which **must** cover a minimum period of **three** years. Please ensure that the reference section of your application is completed appropriately giving the address, telephone number and work email address of each of your current and previous line manager(s). If this section is not fully completed your application may not be processed.

The post will be subject to a Disclosure and Barring Service (DBS) check.
